### GGC Customisation Guidelines

**Guy Goodfellow Collection offers the option to customise fabrics to facilitate clients in developing bespoke colourways for specific projects.**

**The customisation process and requirements vary from design to design. Please refer to the guidelines below.**

- The minimum orders required are:
  - 20 metres for custom prints (see exceptions on page 2)
  - 10metres for custom wallpapers
- The first step is to order a strike-off sample, this is charged at £250.00 and covers one trial sample. The lead time for the sample is approximately 2- 4 weeks from receipt of this fee, plus the appropriate colour-matching samples or references.
- We accept physical samples to match, Pantone references or a paint colour reference from industry-known suppliers. We cannot create custom fabrics from digital imagery or a verbal reference. The more material provided for colour matching, the more chance of getting the strike-off sample correct first time.
- If further strike-off samples are required, each sample will be charged at £250.
- Once a strike-off sample is approved by the client in writing, a purchase order must be issued in writing. We will raise a 100% deposit invoice. The lead time from receipt of payment is usually:
  - 4-5 weeks for custom prints
  - 4-5 weeks for custom wallpapers

For orders over 50 metres, we may need to quote a longer lead time.

### **African Weave Print (GGC 803)**

- This fabric comes in the form of 2.95m panels with three stripes at the base and one at the top. The length of the panel and the spacing of the stripes can be customised to suit the exact dimensions required by your project. The minimum customised order is seven panels.

### **Piedmont Print (GGC 803)**

- Two different stripe patterns are offered as standard for this fabric: two and five stripes across. Additional variations in the stripe spacing or position are a customised option. The minimum customised order is 20 metres.

### **Base Cloth**

- Please do ask us if you want to explore lighter base cloth options for printed fabrics. Alternative base cloths can be offered for most of our designs for order quantities of 20+ metres.

### **Exclusions**

- Our customisation service does not include rescaling or redrawing the designs for our printed fabrics and/or wallpapers, and we cannot undertake to produce client's own designs for them.
- We are unable to offer customisation of the following fabrics:
  - Olive Sacking Weave (GGC 1204)
  - Garsington Print (GGC 1502)
  - Mansewood Print (GGC 1202)
  - All Weaves

**If you would like to discuss the customisation options further, please do contact our Langton Street showroom:**
